## Transcript

Good morning.

Really happy to be here. Thank you, Carolina, for the nice introduction.

Before we get started, as she as, Carolina indicated, I've got some amazing colleagues up here today, and so I'd like to give them a chance to introduce themselves.

So we'll start going around the room. Jen.

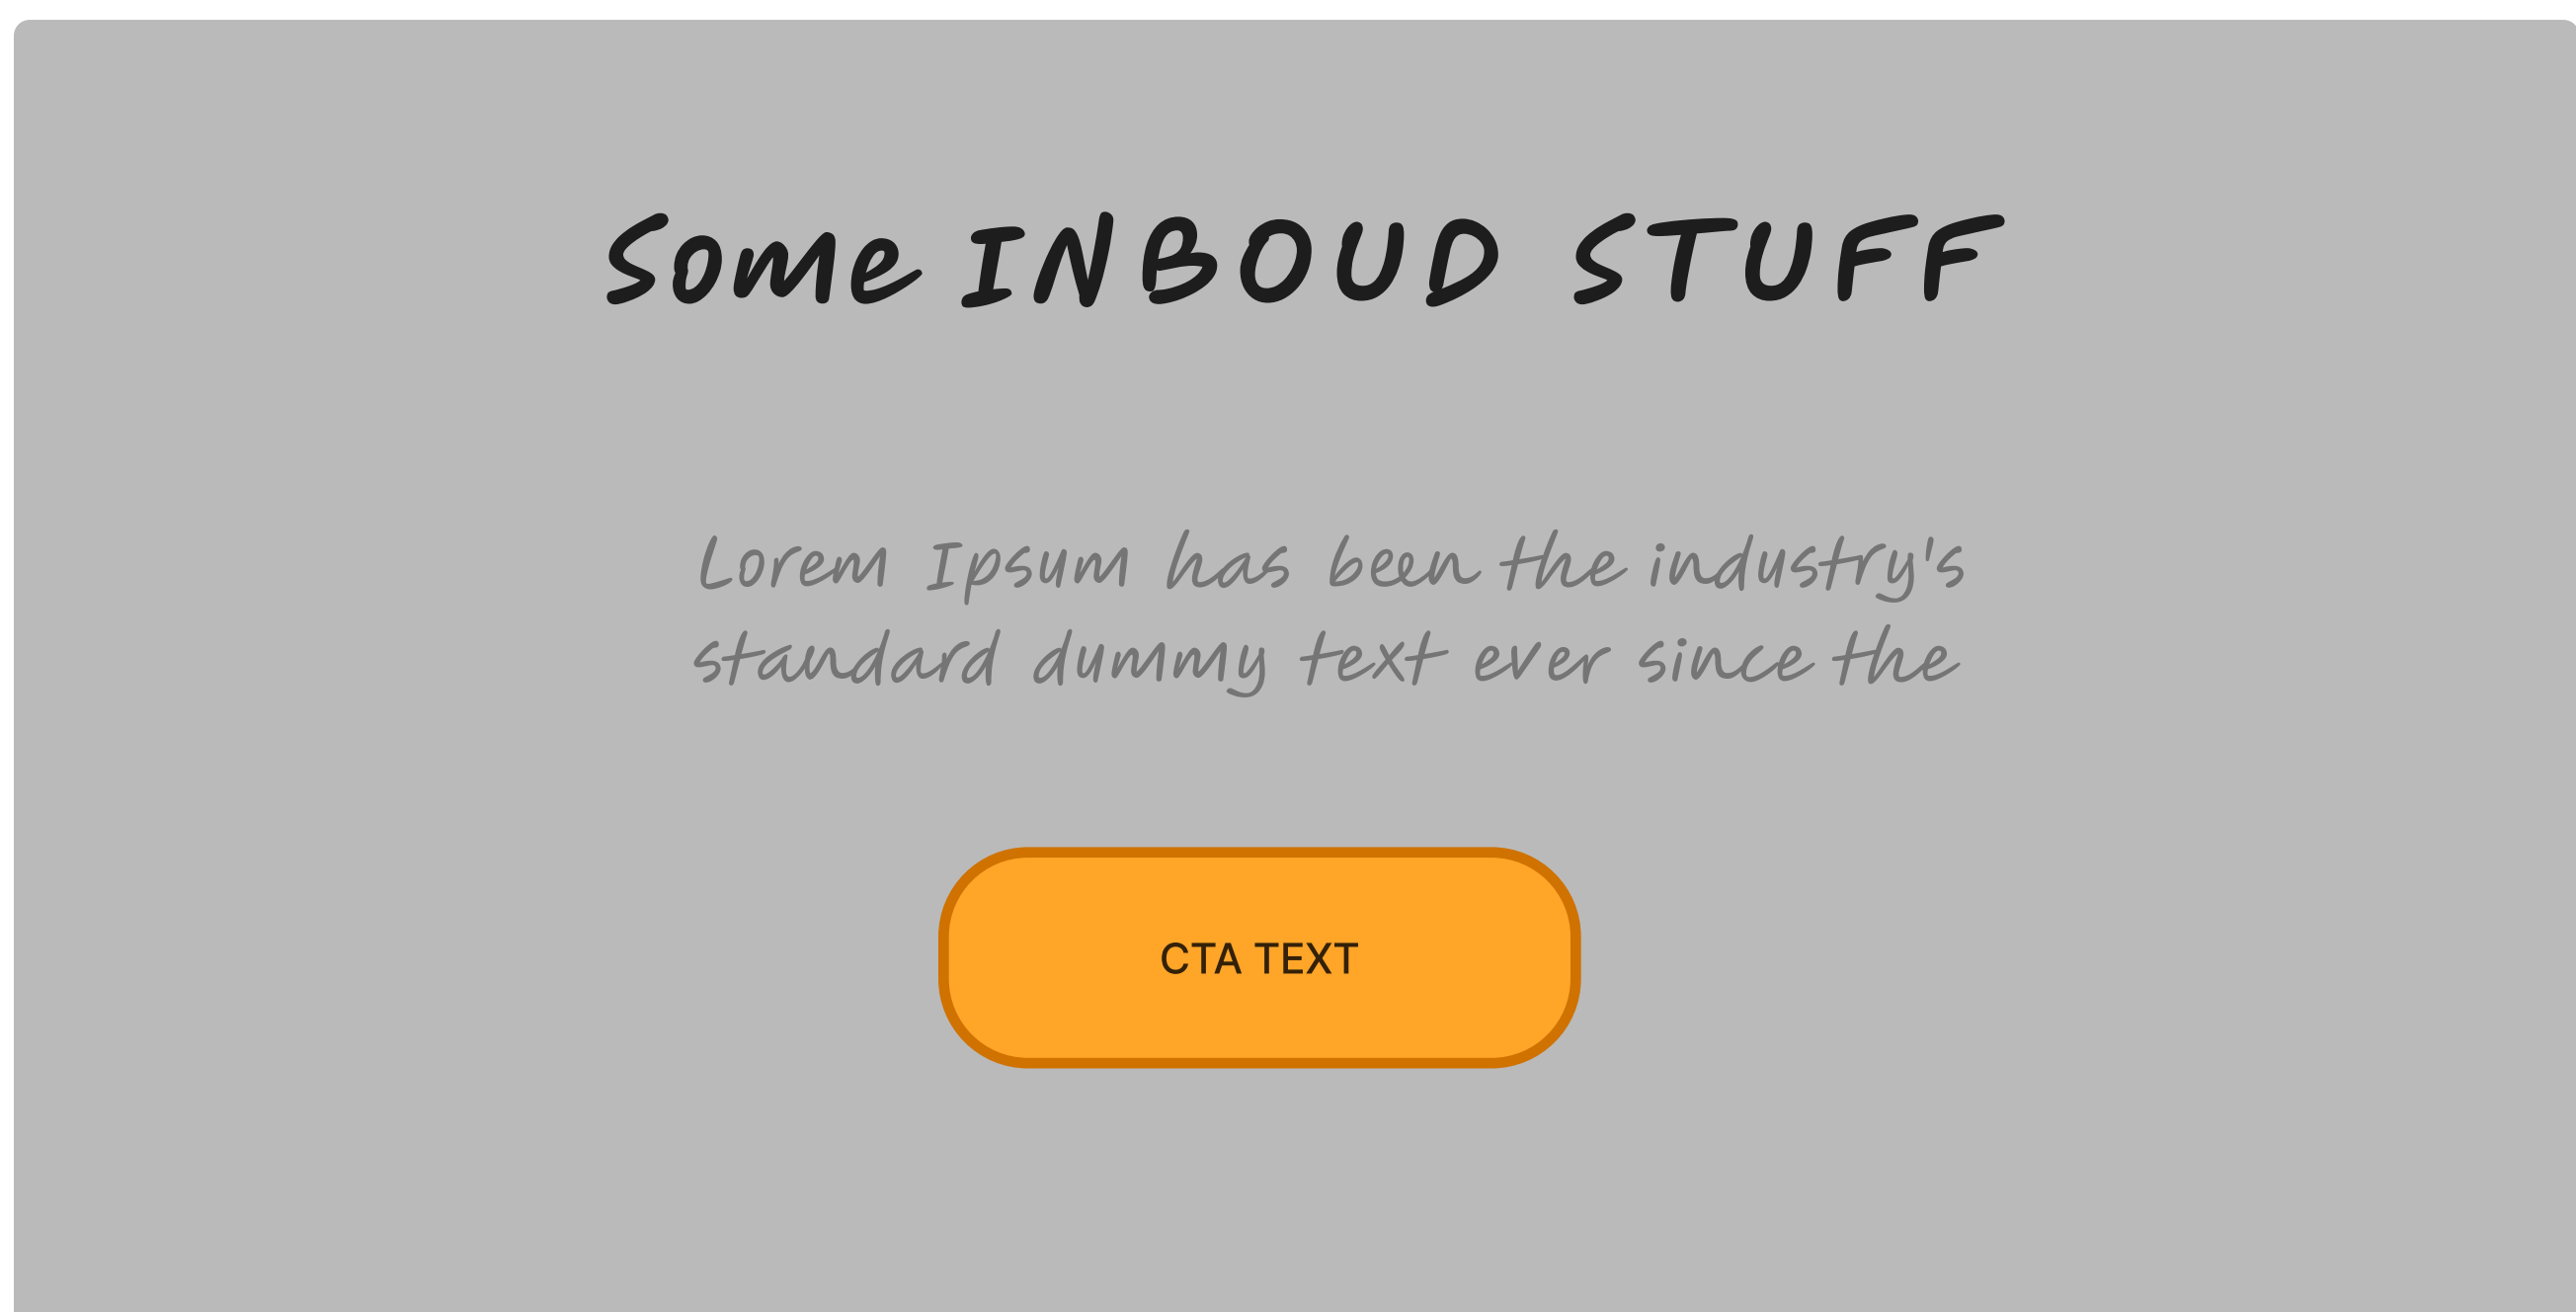

Hi, everybody. I'm Jen Lee. So I'm one of the general managers for the US consumer goods business and retail at Microsoft. I've been there about three years, and I'm also the very lucky person that gets to sponsor the o nine relationship within our retail and consumer goods practice at Microsoft. So thanks for having me here today.

Madia? Madia Tirano, former CPO for three m.

Prior to that,  $q \leq n$  and  $0 \leq I$ .

And we love to care of the logos.
